## Point of Sale Line Item Status Flags

### Line Item Status Flags

*Items on an order can be flagged with special instructions. Some show up automatically; like the 'B' for backorder or the '\$' for a payment. Others can be added at the time of the sale. Below is a list of flags and their definitions.*

A	Alternate item number was sold
B	Backordered some or all items
D	Defective exchange; reduce QOH only, no charge
G	Fill a customer backorder where item was part of a kit
H	Header—Room location
I	Do not post to inventory QOH or sales
K	Kit item; use selling price only
L	Labor only charge. Not posted to inventory QOH
M	Message line; no price or extension
N	Not on file item number
O	Buyout, post to sales only
P	Partial backorder
Q	Do not post to inventory QOH
R	Defective return, post to sales only
S	Special order item
\$	Payment
#	Deleted item
0	Zero price – sold as kit (symbol represents a zero)
*	Price has been changed
